Matters to be discussed:

- New Drainage reports/forms recently?
- NEORSD has 25% of the fee’ collected from residents to potentially fund correction of City drainage issues. The City cannot perform corrections to individual homes.
  - can City act as a point if several homeowners wanted to work together?
  - NEORSD Cost Share Program - [Link](#)
- Previously – the Committee had a letter to go to Residents on Eastlawn and Colony – long history of issues.
  - Should delay one-on-one.
  - What can Brian M do / recommend?
- Other
